

Attendance Point System

Policy, point values, thresholds, occurrence tracker and protected-absence checklist

Attendance point system policy

Company	
Effective date	
Applies to	Non-exempt employees in [departments]

1. Purpose

This policy sets out how attendance occurrences are recorded, the points each carries, and the steps that follow at each threshold. It applies consistently to all covered employees and never counts absences protected by law.

2. Reporting

Employees who will be absent or late must notify their supervisor by [method] at least [60 minutes] before the shift starts, or as soon as practicable in an emergency.

3. Point values

Occurrence	Points
Late arrival, 1 to 15 minutes	0.5
Late arrival, over 15 minutes	1
Leaving early without approval	0.5
Unscheduled absence, reported	1
Unscheduled absence, consecutive days for one illness	1 total
No-call no-show	3
Missed punch (uncorrected)	0.5

4. Thresholds

Points in rolling 12 months	Step
3	Documented coaching
5	Written warning
7	Final written warning
8	Termination

5. Expiry and reset

Points expire twelve months after the occurrence. Thirty consecutive calendar days with no occurrence removes one point. Points are not carried into a new role unless the policy applies there.

6. Absences that never earn points

- FMLA leave and leave under state family and medical leave laws

- Leave or absence that is a reasonable accommodation under the ADA or state disability law
- Paid sick leave under state or local law, including for family care and safe leave
- Pregnancy-related absence and lactation breaks
- Military leave under USERRA
- Jury duty, witness duty and voting
- Workers' compensation absence
- Leave agreed in writing by the Company
- Weather or emergency closures declared by the Company

7. Review and appeal

Employees receive a copy of each occurrence within [3] working days and may dispute it in writing within [5] working days. HR reviews disputes and corrects the record where an absence was protected or recorded in error.

8. Acknowledgement
