

Strategic Workforce Planning Templates

Strategy translation, demand forecast, supply projection, gap and action plan, scenarios and board summary

1. Strategy to workforce translation

Strategic priority	What work changes	Role families affected	Skills needed	Skills declining	Timing

2. Demand forecast by role family

Role family	Driver (revenue, volume, projects)	Driver now	Driver in 3 years	Ratio (FTE per unit)	FTE now	FTE needed in 3 years	Change

3. Supply projection

Role family	FTE now	Annual attrition %	Retirements (3 yrs)	Internal promotions out	Internal moves in	Projected FTE in 3 years

4. Gap and action plan

Role family	Gap in 3 years	Build (develop)	Buy (hire)	Borrow (contract)	Bot (auto mate)	Bind (retain)	Owner	Cost

5. Scenario comparison

Measure	Base	Scenario A	Scenario B
Strategic assumption			
Total FTE needed			
Projected supply			
Gap			
Hires over 3 years			
Workforce cost			
Key risk			

6. Board summary

Strategy in one sentence	
Workforce today	FTE, cost, critical skills
Workforce needed in 3 years	
Largest gaps	
Plan to close them	Build / buy / borrow / bot / bind
Investment required	
Risks	
Decisions requested
